

We Can Know When the Time is Right to Liquidate Our Assets!

By J. Fred Calkins

It was June of 2008 when my father, James F. Calkins, Sr. woke my step-mother with the words, "The Holy Spirit told me to cash in the stock and give it to the radio station."

"If the Holy Spirit told you to do that," she said, "do it!"

He did that very day. The return on the investment was great! Enough to get the radio station the equipment needed to give them a really good start. My father died just six months later. He died in faith that his investment would reap souls for the harvest and it has! Strong Tower is now on five towers (stations) and also on TV. That means most of northern Michigan and the Upper Peninsula hears the truth about the character of God twenty-four hours a day seven days a week.

Of course some will remember that it was just a short time later that the stock market crashed. My father did not live

It was June of 2008 when my father, James F. Calkins, Sr. woke my step-mother with the words, "The Holy Spirit told me to cash in the stock and give it to the radio station."

He did that very day. The return on the investment was great! Enough to get the radio station the equipment needed to give them a really good start. My father died just six months later. He died in faith that his investment would reap souls for the harvest and it has! Strong Tower is now on five towers (stations) and also on TV. That means most of northern Michigan and the Upper Peninsula hears the truth about the character of God twenty-four hours a day seven days a week.

Of course some will remember that it was just a short time later that the stock market crashed. My father did not live

to see it recover. He did not live to see the harvest. It was several months after he died that the local station, WGCP – **Where God’s Character is Proclaimed** – went on the air.

As the family looks back on this miracle we rejoice and praise God! What a blessed way to enjoy your investment! Recently another baptism resulted from these programs for folks that first heard the message of truth on our station. We are thankful that our father listened to the voice of the Holy Spirit. We praise God that He will speak to us if we are willing to listen.

“The only investments I ever made which have paid constantly increasing dividends are those I have given to the Lord’s work. Pastors do their congregation a great service by helping those in the church understand God’s truth about money, time and giving.”
